GARD Lubricants!

THE ORIGINAL
#1 Used by PROFESSIONALS

INSTANT SHUDDER FIXX

DESCRIPTION: Dr. Tranny™ Instant Shudder Fixx™ is a concentrated friction modifier formulated specifically for eliminating torque converter shudder problems instantly. It is the #1 shudder fix used by professionals and provides four times less wear than regular ATF.

Available in a uniquely engineered two ounce applications tube, Dr. Tranny™ Instant Shudder Fixx™ is compatible with conventional or synthetic automatic transmission fluids.

#19610

NOTE: For long term transmission benefits, use LUBEGARD ATF Protectant (60902) with LXE® Technology. Car & Transmission Manufacturers ONLY specify the use of LUBEGARD ATF Protectant in their service bulletins because its proven to reduce temperatures & improve the viscosity of the fluid. LUBEGARD is the #1 used product in the professional transmission repair industry.

DIRECTIONS: Holding tip closed, cut off tip end, empty contents directly into ATF (via filter tube)
