

TRANSMISSION ASSEMBLY TREATMENT

PROFESSIONAL AUTOMOTIVE GRADE
FOR APPLICATION BEFORE ASSEMBLY OF
TRANSMISSION PARTS

DESCRIPTION: Dr. Tranny's synthetic polymer provides very light tacking agent and adheres virtually to any surface including metal, rubber, plastics, etc. to help assist in fitting parts together quicker.

APPLICATION AREA: Lip Seals, Lip Seal Installing Tools, O-Rings and D-Rings, Sealing Rings, Servo Pistons, Bonded Pistons, Metal Clad Seals, Gaskets, Valves, etc.

DIRECTIONS: Clean parts before application. Using brush-in-cap apply a thin coat of Dr. Tranny® Assembly Treatment to application area.

BENEFITS:

- Synthetic polymer provides very light tacking agent and adheres virtually to every surface; metal, rubber, plastics, etc.
- Helps parts fit together quicker
- Maintains tackiness at high ambient temperatures
- Mild and user friendly to hands -
- Non-Toxic
- Clear formula allows identification of possible contamination
- Safe on all seals, gaskets, and rubber components
- Compatible with and dissolves in all transmission fluids

#19420

TYPICAL PROPERTIES:

Specific Gravity, API =0.86
Viscosity Index $Vis@40^{\circ}C = 3196$ cSt
Flash Point =>300°F

AVAILABILITY:

Stock No. Unit Size Case Weight/QNTY
19420 8 oz. 7.4 lbs. (12/case)

Product	Application Use	Description
Dr. Tranny® Transmission Assembly Treatment 	LIGHT TACK Very light tacking agent and adheres virtually to any surface including metal, rubber, plastics, etc. to help assist in fitting parts together quicker.	Lip Seals, Lip Seal Installing Tools, O-Rings and D-Rings, Bonded Pistons, Metal Clad Seals, Gaskets, Valves, etc.
Dr. Tranny® Assemblee Goo  #19260	MEDIUM TACK Medium Tack for assembly process.	Needle bearings and hydraulic seals in place. Also for O-rings, seals, bearings, gaskets, sealing rings, bushings, thrust washers and much more.
Dr. Tranny® Assemblee Goo  #19250	FIRM TACK FirmTack for superior "tackiness" required during assembly process.	
LUBE-GARD® Premium Universal Lubricant  #61016	Assembly of transmissions, engines, gear boxes, pumps or any other general automotive or lubrication use.	Excellent penetrant and protects against rust by attaching to metal surfaces. Superior lubrication of valves and governors. Does not contain solid particles (like Teflon®) or cheap petroleum products.
Dr. Tranny® Universal Lubricant  #19310
